Loudoun String Workshop

Dr. Yeong Su Kim, Conductor

Attention! Adults and youth! Beginning string players of all ages!

The Loudoun String Workshop is a unique performing ensemble open to string players of any age without audition or fee. This playing opportunity is appropriate for beginning to moderately advanced players. String Workshop members should be able to read music and should have had at least one year of lessons on their instrument.

The String Workshop rehearses on Wednesday evenings from 7 pm – 7:30 pm, September through May. Most rehearsals are at Stone Bridge High School in Ashburn. Fundamentals such as tone production, rhythmic accuracy, bow technique, and overall musicianship are stressed in a light and informal rehearsal setting. When possible, volunteer Loudoun Symphony members play alongside the workshop members, providing advice and assistance.

The String Workshop presents three concerts per season; the concerts precede the Saturday evening Loudoun Symphony concerts. Scheduled concert dates are: November 6, 2010, December 11, 2010, and March 26, 2011. Following the March concert, rehearsals will continue into early May just for fun.

You are welcome to attend a rehearsal before deciding whether to join.
